Substance Abuse Prevention and Control

SUBJECT: **FUNDING REALLOCATION FOR SUBSTANCE ABUSE FOUNDATION OF  
LONG BEACH, INC., COUNTY CONTRACT NO. PH-000662**

This is to inform you that the Department of Public Health (DPH) plans to use the delegated authority granted by the Board on June 16, 2009 (Board Agenda Synopsis #35) to implement the adjustments and reallocations provision as found within the contract with Substance Abuse Foundation of Long Beach, Inc. This provision allows the Director of DPH or his authorized designee to reallocate funds in amounts up to 25 percent of the contract's budget, or \$100,000, whichever is greater.

DPH is recommending this funding reallocation to enable the agency to maximize contract services and funding. DPH is proposing to adjust the contract as indicated in the following attachments: Attachment 1 is a description of the services to be revised by this amendment and Attachment 2 outlines the agency's current and new proposed funding amounts.

If you have any questions or need additional information, please let me know.

## DESCRIPTION OF SERVICES

### OUTPATIENT DRUG FREE COUNSELING SERVICES (ODFC-PSN)

Outpatient drug free counseling services are drug treatment services, which include crisis intervention, counseling, and client referral services, provided to parolees from the California Rehabilitation Center (hereafter "CRC") at Norco, and parolees from parole field offices or other State Department of Corrections institutions (including, but not limited to, homeless parolees) who are affected by drug related problems. A referral may be made to medical detoxification services, recovery house services, methadone services, psychiatric services, or other appropriate treatment services. Clients determined to need only relapse prevention services shall receive a minimum of three (3) hours of face-to-face activities scheduled over at least three (3) visits per week; clients determined to need more than relapse prevention shall receive a minimum of five (5) hours of face-to-face activities over at least three (3) visits per week; and clients determined to need intensive services shall receive a minimum of nine (9) hours of face-to-face activities over at least three (3) visits per week. Based upon the continuing treatment needs of clients, duration of any individual's treatment hereunder shall not exceed one hundred eighty (180) days per treatment episode without the prior approval of the Parole Agent. Clients not returning for thirty (30) days shall be discharged.

### ALCOHOL AND DRUG FREE LIVING CENTER (ADFLC-PSN)

Alcohol and Drug Free Living Centers (ADFLCs) are housing facilities where clients recovering from alcohol and drug problems, reside. ADFLCs are living environments where the presence of or use of alcohol and drugs, other than prescribed drugs, is prohibited. ADFLCs provide an opportunity for residents who have re-entered or are preparing to re-enter the labor force to pursue their own personal plan for recovery in an alcohol and drug free atmosphere, removed from normal social pressures and temptations to drink alcoholic beverages and abuse drugs. No direct treatment services are provided. However, residents of ADFLCs participate in an off site treatment program. The residents often function as a mutually self-supportive group, reinforcing each other's efforts to remain alcohol and drug free, and may attend twelve-step groups and other related activities outside the facility. Residents share the responsibilities of house maintenance, food purchase and preparation, and developing and adhering to house rules.
